

RONALD WASTEWATER DISTRICT

REQUEST FOR CERTIFICATE OF SEWER AVAILABILITY

**** THIS IS NOT A CERTIFICATE ****

Please provide the following when applying for a Certificate of Sewer Availability:

√ A scaled drawing of the project including information page.

√ Tax parcel number

√ Plumbing drawings (if commercial building)

NOTE: A certificate takes approximately two working days to prepare

PROPERTY ADDRESS: _____

TAX PARCEL NUMBER: _____

DESCRIBE PROJECT: _____

I need a certificate for a: <input type="checkbox"/> Building Permit <input type="checkbox"/> Preliminary Plat or PUD <input type="checkbox"/> Short Subdivision <input type="checkbox"/> Rezone or Other
--

- Plumbing is required..... YES NO
- Will there be sewer work?..... YES NO
- Will a sewer pump be required? YES NO
- Is property adjacent to or contain a sensitive area?..... YES NO
- Does property contain unstable soil conditions? YES NO
- Current Zoning for this property is..... RES COMM

I have read and understand the following: "Available" means that service is available: ➤ from a stub to the property line, or ➤ To tee or main adjacent to property, or ➤ By execution of and meeting all the conditions of a "Contract For Developer Extension." And that: ➤ This letter is not transferable. ➤ Owner must meet all conditions set forth in District's rules and regulations (as amended) and will execute any agreements required to connect to District facilities. ➤ Owner is responsible for obtaining easements, paying assessments and/or other charges, obtaining permits and complying with other regulatory agencies having jurisdiction.
